WEATHER TO BLAME

I am afflicted with a marked disinclination to write these warm, summer days—have that lazy, indifferent feeling to anything in the way of effort, no matter how startling are world events. Even the raids being conducted by the district attorney in a noble experiment to purify our body politic of evil fall to increase my blood pressure, and when something political will not arouse my interest, I am forced to the conclusion that I am indeed dormant.

But the exigencies of the occasion require that I say something, so I am going to choose one or two non-controversial subjects, wholly innocuous, and proceed to perform my daily task. However, I extend my sympathy to the conclusion that I am indeed dormant.

POPLAR DELUGE

I am intrigued by some figures I see in the paper regarding the heavy tourist influx, a total of some 133,142 human souls having come to the land of sunshine, fruit, and flowers between January 1st and April 30th of this year. The number is a tribute to our attractiveness and the pulling power of advertising in eastern magazines; but these magazine advertisements picture California as a playground and the pathetic fact is that our new population is not of the playboy and playgirl type. To the contrary they are a class which has just about enough money to get here, and then almost immediately go on the relief rolls. This influx, therefore, instead of being desirable, in reality constitutes a menace and adds to the gigantic problem that already faces us.

So serious are the questions which arise in connection with these who are flocking here by the thousands that there is talk of restricting immigration, and unless the tourists can show they will not be candidates for the

Chain Store Bill Refused 'Do Pass' By Tax Committee

SACRAMENTO, May 22—UP—A bill to tax chain stores was believed dead tonight after the Senate revenue and taxation committee had, for the second time, refused to give it a favorable recommendation.

(Continued on Page 8)

The measure would tax multiple unit stores on a sliding scale from \$1 on the first store to \$500 on the tenth and each above ten. Opponents claimed it was a discriminatory bill sponsored by independent merchants.

Committee members voted seven to five against giving it a "do pass" recommendation and split 6 to 6 on a motion to table the measure. As a result, the bill remained on file in committee, where it was expected to stay during the closing rush unless opponents attempt successfully to draw it onto the floor of the Senate.

Seek Collection Of
\$1,395 For Services

MARTINEZ, May 22—Mrs. Kate Healy is plaintiff in a suit filed in superior court against Lea Peter-son, as administratrix of the estate of Jean Cauphage, asking \$1,395 judgment.

The plaintiff claims that between March 1, 1927, and September 16, 1924, she performed household services for Jean Cauphage. He died September 16, 1924.

She alleges that she presented the claim to his estate but that it was rejected on April 15, 1925.

Attorney Gordon B. Turner of Richmond represents her.

Probate Of Will
Of Congdon Asked

LETTERS OF ADMINISTRATION in the estate of Willis R. Congdon, who died May 13 in Richmond after shooting himself and killing his wife several days previously at their home in Pinole, were asked yesterday in a petition filed by Mrs. Edith L. Congdon of Santa Cruz.

The estate consists of real and personal property worth less than \$10,000, according to the petition.

Mrs. Congdon is the stepmother of the decedent.

GRABSTEIN IN REPLY TO GRAND JURY

Beaten

ROBERT MINOR, New York Communistic writer and cartoonist, wearing bandages on his head, was abducted by hooded vigilantes, beaten and thrown from a motor car.

PITTSBURG, May 22—UP—Charges that "white slavery" now exists in Pittsburg, and that the grand jury had been "reached" by political opponents, Max Grabstein, city councilman today issued a statement to the grand jury, denying that he had "condoned vice" in Pittsburg while he was police commissioner.

Grabstein's statement in reply to the jury's condemnation last week of his activities while he served as police commissioner, declares:

"The wording of your letter gives me reason to suspect the underworld and my political opponents have succeeded in contacting and influencing some members of the Grand Jury."

Denying he ever "condoned vice," and pointing out he was police commissioner for only nine months, and was then removed from the post, he wrote: "Mayor H. H. Donovan had full knowledge of the conditions here. If I aided Dr. W. C. Monteverde, as the Grand Jury charges, why did he desert me last December?" He referred to accusations he had aided Monteverde, another councilman, whom the Grand Jury charged with giving professional

Spell Binding Stretch Drive At Kennel Club

In a spell-binding stretch drive, nose to nose, Truth and The Flying Hoop flashed over the wire in the ninth, ninth race at El Cerrito Kennel Club track. The judges hung in No. 8, Truth, as winner and while fans agreed this dog had an edge, the issue was so close that a rematch of this pair in the near future is probable. Truth, gaining his second win in four starts, paid \$10.20.

Preferred, prices averaged 4 to 1 for each last night.

Mrs. S. E. Ellington over another one in Jack Lambert last night in the eighth, Lambert rewarding Ellington with \$10.60.

It's something when an even money choice like Buck Craig stakes a \$164 double option, but that is exactly what happened last night. Buck Craig with First Point, another red hot, ran up that high return.

ANGELS DEFEAT OAKLAND NINE IN 2ND GAME

By UNITED PRESS

Despite denials by directors that teams in the Coast League circuit were in any serious financial difficulties, retrenchment plans ranging from player releases to lopping off one of nine umpires were under way Wednesday.

It is expected that Earl McNeely of the Sacramento Senators, at whose suggestion a meeting of Coast League directors was called Tuesday, will drop several players on option from Brooklyn, including Johnny McCarthy, first baseman and Glenn Chapman and Russ Olson, in-fielders.

Although he did not announce where the axe might fall, Bill Klepper of the Seattle Indians, said he planned to cut his 23-man squad. The Seals planned to release at least three of their eleven pitchers and either Casey or Gensleia both of whom are now working as umpires at Seals stadium probably will be released after May 31.

Frank Shellback of the Hollywood Stars, let the Missions down with six hits Wednesday as his team scored an easy 12 to 1 win. The Stars hit with equal vigor against Thurston, Johnson and Post of the Missions to chalk up 20 safeties.

At San Francisco, the Seattle Indians took their second series win against San Francisco, 10 to 7, although outhit by the Seals. An eight run spurt in the second gave the Indians their margin of victory.

FELON ASKS TO DIE WITH TWO FRIENDS

CANON CITY, Colo., May 22.—UP—Rather than watch his two closest friends led to their deaths, Leonard Lee Belongia, condemned murderer, today begged that the date of his own execution be set forward some three weeks.

Explaining that he desired to die in the lethal gas chamber at the state penitentiary here along with Louis and John Pacheco, doomed slayers, Belongia asked Warden Roy Best for permission to write to Governor Edwin C. Johnson.

ASKS PERMIT

The Pacheco brothers are scheduled to enter the gas chamber on May 31.

"I want the governor to let me go with them," Belongia said, "I have been the happiest of my entire life here in the death house with them."

THIRD TO DIE

"There are three chairs in the gas chamber. They will occupy only two. Why waste the third one when I want to go?"

"I only hope the governor will grant my request."

Belongia's execution, for the murder of a Weld county rancher, has been set for the week of June 16, probably on Friday, June 21.

MAY NOT BE GRANTED

It was believed doubtful that the date could be advanced by any authority, and there appeared no way in which Belongia's request could be granted.

"Life will be absolutely unbearable when the Pachecos are gone," Belongia said.

WANT COMPANY

The Pacheco brothers, too, are anxious that Belongia be granted his request. This anxiety appeared to be based on the axiom that "misery loves company." Warden Best said.

Any hope that the Pachecos might escape death penalty has vanished. Governor Johnson has indicated he will not interfere and a supreme court appeal proved fruitless.

NO APPEAL

Belongia, however, probably could postpone for some time, at least, his impending death. He has never appealed his case to the supreme court.

From the first he has expressed a desire for death, and has said he would never appeal.

In the death row, the three slayers have become the closest of friends. Their guards characterize them as "the happiest trio ever held here."

KING JEERED BY REDS AT HUGE FETE

LONDON, May 22.—UP—Mounted police reinforcements were rushed to the vicinity of the Guild hall tonight to protect King George and Queen Mary from a mob of Communists who sought to break up a gala silver jubilee ball in the ruler's honor.

The extraordinary police precautions at the ball were taken after attempts of unemployed and communists, in groups of two and three, to reach the reception and hall, attended by the king.

CARRIED BANNERS

Many carried Red banners inscribed with protests against the expense of the function—one of numerous anti-social events holding the monarch on the 25th anniversary of his accession to the British throne.

The King and Queen arrived by automobile about 10 P. M. and were cheered by thousands of sightseers.

ONE JAILED

A thief was passed through the police lines around the hall, the crowd surged across the streets, drowning out the jeers of the Communists.

One demonstrator against the ball was taken to a police station.

Inside the great Guildhall scenes of brilliance unsurpassed in the long history of the City of London marked the jubilee ball.

ON TOUR

Only members of the royal family not present were the young Duke and Duchess of Kent, who are in Scotland on a "Jubilee tour." The others mingled with some 1800 especially invited guests from practically every walk of life—cabinet ministers, diplomats, empire representatives, the law, the church, art and science.

The attendance of King George was the first time in history, according to the archives of the ancient Guildhall, that a reigning sovereign and his escort had attended a ball in person in the hall at this spot. And it is 9 years since Queen Victoria attended the Lord Mayor's banquet on November 9, 1857, the year of her coronation.

Five Athletes To Enter Coast Meet

BURBANK, May 22.—A group of University of California track athletes, two of whom are from the city, competed in the Pacific champion hand set made for the meet.

of the A. A. U. to be held May 25-26 in San Francisco.

The five are John Attrell, under

the 100 yards, and Shirley Millman, 200 yards, and Shirley Millman, 400 yards, and Shirley Millman, 800 yards, and Shirley Millman, 1600 yards.

According to Attrell, the hand set will be used to prevent recent attempts

of both California and San Francis-

co to leave college to play profes-

sional football in the city.

According to Attrell, the Oak-

land club has made offers to Frank

George Staud, third baseman, while

the Seals have approached "Lefty"

Attrell, who is a right fielder.

Both players are St. Mary's

players and we want them at St.

Mary's," Attrell said. "We want

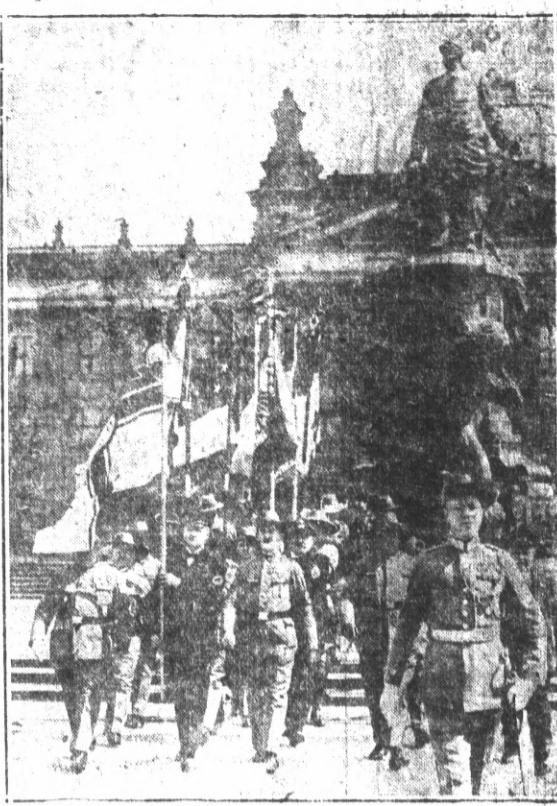

them here for four years. They're

here to get a college education and

to play baseball, and I don't want

them to leave before they are ready to graduate."

Vitamins Supply the Necessary Mineral Properties That Balance Each Other

By CLAUD NORTH CHRISMAN, M.D.

HELEN MCKAY was the first woman physician in four hundred years to be made a member of the Royal Medical Society in England. Her work was done in the King's Hospital for Babies in London, and her particular field of research was anemia and the use of iron in cases of depletion.

Through her experiments and the application of her findings great progress has been made in reducing sickness by improving the blood.

This has been especially noticeable in intestinal and respiratory diseases. The human system must have abundance of iron and it is to be found best when we eat simplest.

DR. CHRISMAN: Why do we so despise spinach and carrots and overlook cottage cheese and buttermilk? The cereals are the best and cheapest of the sources of iron. Sometimes we lack copper and it is to be found best when we eat simplest.

Continuing with the list of vitamins we commenced yesterday, we find Vitamin D a general aid to all the others, and it is now available in various forms. Additional interest is given to a consideration of Vitamin G by the pronouncement that it is valuable in presenting the characteristics of youth. How we all crave to remain young, at least to feel the urge of youth in our veins.

BECAUSE it is an energy builder, Vitamin G is good for mothers and babies. The claim is made that the use of ten grams of yeast daily for month preceding a baby's arrival will add fifty per cent to the content of Vitamin G in the mother's milk.

The various authorities are agreed that intelligent eating is the result of education. We have been trying for a long time to prove that motherhood does not guarantee the instinct necessary to guide the mother in nutrition and training. She needs a special technique in training her child to eat.

Reports have been received from some of the rural areas that beri-beri is increasing—sometimes to two or three times what it was two years ago. Beri-beri is distinctly a deficiency disease and its incidence is due to lack of instruction in nutritive values and habits of eating. The Department of Agriculture in Washington, particularly the Children's Bureau, will be glad to have you write for pamphlets on food values and dietary instruction.

There is little need for anyone to be ignorant on these important subjects. All the large educational institutions have Departments of Nutrition and make it their purpose to supply the information needed to anyone asking for it.

ANSWERS TO SEVERAL INQUIRIES: Acidity in the stomach and acidity in the stomach are not the same thing. For the general condition that is usually called acid, but is really a condition of a reduced proportion of alkalis, we use tomato juice and any of the citrus fruits or foods that reduce it an alkali ash.

When the stomach is acid, we treat it directly with bicarbonate of soda, milk of magnesia, or some of the charcoal products when the condition seems to be one of fermentation. Much depends upon the supply of hydrochloric acid already present.

If the natural flow of hydrochloric acid is deficient it must be supplemented in order to promote digestion. Some stomachs rebel against having this acid provided, and in that case some other stimulating acid must be substituted. Lemon juice or the citric acid can be diluted and taken in small amounts throughout the meal in order to encourage the flow of gastric juice through the digestive tract.

Short Cuts

If a garment does not need cleaning or washing before being hung away in a moth-proof garment bag, be sure to hang it out in the sun for several hours and see that it gets thoroughly brushed. Moths cannot live in the sunlight and a thorough brushing helps remove any moth eggs which may be lodged in seams and folds.

To serve with fish, try a salad of sliced onions and mint with vinegar and sugar on lettuce leaves. Or garnish cucumber and mint with vinegar and sugar, and serve on lettuce.

There will be fewer scratches on hardwood floors if your family wears rubber slippers.

Guide to Charm

Eye Makeup Helps Bring Starry Look

By JACQUELINE HUNT

WHEN your eyes are bright and alert, their shape, size and color make little difference. You can make your eyes alluring if you only keep them healthy and know how to use your cosmetics to bring out all of their loveliness.

For daytime, but more especially for evening, you can look starry-eyed by using your eye shadow, an eyebrow pencil, a full face. First, select the right kind of an eye pencil—one that is hard and encased in wood like your lead pencil. Keep it sharpened to a fine thin point.

The eyebrow pencil can also be used for enlarging the eyes. But this is a trick that is most effective for stage make-up occasions when you dress in fancy costumes and want to be striking rather than natural. Draw a faint, thin line under each eye, near the roots of the lower lashes, and extend it slightly beyond the corner of the eye.

DRAW a similar line of each upper lid near the lashes, extending it at the outer corner to meet the first line. Now use the fingertips to blend the lines softly toward the edges of your lids. Apply your eye shadow, the color a little heavier near the lashes and fading away before you reach the brows.

Eye shadow always gives you a chance to make up for lack of beauty of nature. If your eyes are too fat and the bridge of your nose is low and broad, place a touch of the shadow at the inner corner of each eye. If your eyes are sunken or too close together, shade only the outer portion of the lids near the temple.

IF you do not care for eye shadow at all for daytime wear, smooth a small amount of petroleum jelly over the upper lid to give your eyes a brilliant sheen. You can get lovely pale pink or silvery gray eye shadows for this purpose. They are not in the least noticeable, but seem to make your eyes naturally large and luminous.

The final step to eye make-up is darkening the lashes. Do not have too much color on your brush. Brush the eyes down, then up to apply the color evenly to all the hairs. Pay special attention to the outer corners as these lashes are most noticeable.

Peeling Carrots

Some day when there are lots of potatoes and carrots to be cleaned and little time in which to do it, get a clean pad of steel wool and try rubbing them with it. You will find that it does a much faster and cleaner job than either a knife or brush.

The Summer Cottage

Light housekeeping in the summer cottage is assured when you start out equipped with flannel back, fabricoid table cloths which can be wiped clean with a damp cloth. They come in solid pastels of printed patterns with flat chair pads to match.

Gingham on Display

Bette Davis, Ohio young film player, introduces the pyramid silhouette in this smart plaid gingham frock. Red, white and black makes a colorful display in the design. Pique trimming marks a fan-shaped waistline and edges the half-way round peplum, which is a pleasant contradiction of the backless halter top with its tiny collar and velvet bow at the neckline.

Beauty Tips

QUESTION: I have a skin that is frankly sallow. There are a few blackheads, but these are not so noticeable as the yellowish or grayish color and tired lines that make my face look older than it should. How can I improve the color and texture of my skin? —Mrs. T. R.

TRY to get your body into a healthy, normal condition. If you are always tired from lack of sleep, if you suffer from indigestion or faulty elimination your skin cannot be as clear as you would like to have it. There is a medicated "rejuvenating" cream that is miraculous for improving sallow skins. This is used two or three times a week to bring up the circulation and clear the skin of blemishes. There are also simple masks that you could use every week until your skin has improved. Use a softening cream, too, if your skin is inclined to dryness and always give it a good rub with a toning skin-tonic after massaging. A soap and water cleansing with a complexion brush should clear up the clogged pores.

ANSWER: Better ask some one else this time, as the next move is his, not yours.

QUESTION: What wines should be served with nuts and fruit? —K. L. D.

ANSWER: Either Sauterne or sparkling Moselle.

Spring Opens Way for New Dessert Deal

By JUDITH WILSON

DESSERTS assume a new role when spring comes. With less time spent in the kitchen, home makers have more time as few courses as possible, which means that desserts should be hearty and yet colorful enough to tempt the appetite. Spring fruits and berries combined with other good things and as often as not chilled in the refrigerator make the most popular spring desserts.

Strawberry Refrigerator Cake

Crush one and one-half cups washed and hulled strawberries with one cup sugar. Pour one-fourth cup cold water into a bowl, sprinkle one tablespoon gelatin on top and let stand for a minute. Add one-fourth cup hot water and stir until dissolved. Add the berries, one tablespoon lemon juice and one-fourth cup sugar. Cool until the mixture has set, then fold in three-fourths cup cream whipped until stiff and the stiffly beaten whites of two eggs. Pour a layer of the strawberry mixture in the bottom of a mold; arrange strips of sponge cake or lady fingers around the sides and fill the mold alternately with cake and the strawberry mixture. Chill, unmold and garnish with whole strawberries and more whipped cream.

Honey Fruit Tapioca

ADD four tablespoons quick-cooking tapioca and one-fourth cup sugar to two cups hot water and cook in a double boiler fifteen minutes or until the tapioca is clear, stirring frequently. Combine one cup coarsely chopped dates, one-half cup each raisins and walnut meats, one-half cup honey and one-half cup water. Heat for five minutes stirring frequently. Add to the tapioca mixture with one and one-half cup sliced peeled apples. Turn the mixture into a baking dish and bake in a moderate oven for half an hour or until the apples are tender. Serve hot over the macaroons. Cover with a meringue, made as follows:

BEAT the whites of the three eggs until foamy, then gradually add one-third cup powdered sugar and continue beating until the meringue will stand in peaks. Add one-eighth teaspoon lemon juice. Pour over the pudding and sprinkle the meringue with two-thirds cup chopped blanched almonds. Place in a moderate oven until lightly browned. This pudding is good either warm or cold.

A NEW TASTE THRILL IN PIES

SHERRY WINE CHIFFON PIE: One cup milk, one-half cup sugar, three egg yolks, three egg whites, one tablespoon gelatin soaked in four tablespoons cold milk, one-half cup domestic sherry wine, one-quarter cup sherry wine, one-half cup whipped cream.

Combine the milk and sugar and heat to the boiling point. Place in a double boiler, add the well beaten egg yolks, nutmeg and salt. Stir constantly. Add the wine slowly and the gelatin that has been soaked. Cook this mixture in the double boiler until it coats a spoon. Cool slightly and fold in the stiffly beaten egg whites. Let cool until firm and blend with the whipped cream. Make the first layer in a baked pie shell of the plain cream filling, on top the tinted layer. Cover with sweetened whipped cream and chill again before serving.

MODERN WOMEN

To Spank or Not to Spank? These Girls Answer "Yes!"

By MARIAN MAYS MARTIN

MAN'S inhumanity to man is mere child's play compared to woman's inhumanity to woman. The judgment of one woman on another is always severe, and to prove the point the following letters, commenting on the conduct of a young wife who signed herself Twenty-nine, are offered

testimony. The lonely wife's letter published a short time ago has roused the ire of several readers of the column. They disapprove in an uncertain terms of

a wife who lets other men pay her attention in her husband's absence, and what is even more interesting, sponsor spanking as a fitting punishment for such a crime. An interesting point that.

It is splen- MRS. MARTIN

did to have the confirmation these letters

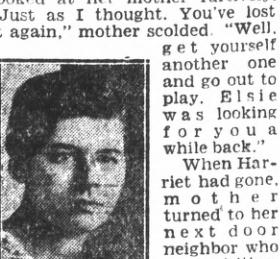

give that young girls have such a rigid sense of wifely duty. It's also well, judging from the strength of their convictions, that the punishment is not theirs to bestow.

The thought comes to me that men miss a good deal by not reading columns in which women speak their minds. Maybe Twenty-nine's easy-going husband will learn how remiss he really is and decide to put the lady in her place, whether or not that means over his knee.

Dear Mrs. Martin: I am the eighteen-year-old sister of the young wife who has signed her letter Twenty-one. I too have had the letter and would like to join my sister in her denunciation of the actions of Twenty-nine.

ous," she confided. "As fast as I

lose handkerchiefs she loses

them. I have even tried pinning

them on to her dress, as some

mothers used to do when we were

children. But I had to stop that

because the pins were tearing her

clothes. It was no use anyway:

The handkerchief came off some-

how in the end and got lost."

The neighbor smiled. "When

my Elizabeth was your Harriet's age, we had the same problem.

By the way, does she have pocket

holes in her dresses, a place to keep

her handkerchief? We found that

that was Elizabeth's trouble. She

would tuck the handkerchief under her belt or up her sleeve, and it would drop out. Children are

so active, and they can't bother

going onto a handkerchief

when they're busy playing."

"I could easily save pocket holes in Harriet's everyday dresses. I hope her husband reads all these letters and takes the hint. Mrs.

Martin, if you want to do some good you will print all these letters so that we might be able to

attract the attention of the husband and encourage him to give her the whipping she so badly

needs.

"As a general rule, I do not be-

lieve in any man thrashing a

woman, but under these circumstances the woman ought to

receive the most severe spanking

that her husband can give her.

"Eighteen."

Dear Mrs. Martin: I am the

last of the three girls

writing to you tonight denunci-

ing the actions of the silly young

wife who calls herself Twenty-

nine. When I marry I hope my

husband will not be a man who

would not make me refrain from

doing the sort of thing Twenty-

nine is doing. I would like to

address the following to the

husband of Twenty-nine, with the

hope that you might publish

it and the young husband see it.

Dear Mr. Hubby: Don't let your wife get further and further into the wrong. Show her you

are the master in your own home

and if she does not refrain from

her wrong actions do not hesitate

to make her, even if it requires a

spanking. If she objects to the

spanking administered under the

circumstances she is not worth

WAGE PACT ENDS STRIKE IN BIG MILL

(Continued From Page 1)
in the "black lumber" division, which includes the treating plants, SIGN AGREEMENT

The McCormick agreement which includes recognition of the union was about the same as that favored by Mill for reopening of the great Long Bell and Weyerhaeuser mills at Longview, Wash., the union membership there rejected the "proposal" which was opposed bitterly as a "sell out of the workers" by Norman Lange, fiery young Tacoma member of the Northwest Council Board of the Sawmill and Timber Workers.

The Sawmill union today reportedly ejected Lange from strike leadership after he told employees of the Spruce Veneer Package corporation at Puyallup that "you have put your foot in your mouth by going back to work at no increase in wages. Until you can get union recognition, you are not getting any place."

ABANDON STRIKE

The Puyallup workers abandoned their strike in order to produce farm produce containers, shortage of which threatened huge losses in berries and fruit. The union had sanctioned the return of these workers, as well as employees of Portland and Tacoma box factories.

Union coopers at Portland were ready to pick up their tools and turn out 160,000 barrels needed for the fruit crop whenever employers recognize the cooperative union for collective bargaining—but not before. The Western Cooperage company, only large barrelling firm in Portland, made no such concession.

Ziegler New Head Of Spanish War Vets

Don't Take Pills For Constipation

Ordinary pills taken to relieve constipation merely force a movement of the bowels without removing the disgorge its excess bile. That's why the trouble returns a day or two and you have to swallow more.

What every constipated person needs is a good liver tonic like Plantax which thoroughly cleanses the digestive system and at the same time restores the liver, like a tonic to a person's "workin' order." When this is done you will not have frequent headaches, coated tongue, constipation, flatulence, gas, bilious attacks or other symptoms of constipation and liver trouble.

Plantax is made from the juices of the best medicinal plants and is a safe remedy—that act in a mild, easy way without vexing or irritating the organs. Try it tonight. Large tablet size: 100 good doses.

to 30 minutes for each senator, which may delay the vote on the bill until Friday.

Mr. Roosevelt got a polite, sometimes enthusiastic, reception from congressmen and senators, but as soon as he turned and handed the official copy of the Patman bill to Speaker Joseph W. Byrnes, he was given a "sell out of the workers" by Norman Lange, fiery young Tacoma member of the Northwest Council Board of the Sawmill and Timber Workers.

The Sawmill union today reportedly ejected Lange from strike leadership after he told employees of the Spruce Veneer Package corporation at Puyallup that "you have put your foot in your mouth by going back to work at no increase in wages.
